

In the morning of March 13, 2023, Assoc. Prof. Nguyen Thanh Hiep, MD., PhD. – Rector of Pham Ngoc Thach University of Medicine, Ho Chi Minh City welcomed Professor Luc DEFEBVRE and Professor Mathieu ZUBER from France and students attending the module “Neurovascular Diseases and Abnormal Movements”. This module belongs to the French–Vietnamese DIU program in Clinical Neuroscience, one of the cooperation programs between Pham Ngoc Thach University of Medicine and Sorbonne University, Paris, France.

Assoc. Prof. Nguyen Thanh Hiep, MD., PhD. – Rector of Pham Ngoc Thach University of Medicine presented the flowers to Professor Luc DEFEBVRE and Professor Mathieu ZUBER from France

Since 2008, the DIU program in Clinical Neuroscience has become a training cooperation which is held frequently. French professors come yearly to Vietnam to impart knowledge and clinical experience from basic to advanced in Neurology to Vietnamese doctors, contributing to improve the professional capacity of Doctor of Neurology in Ho Chi Minh City and the southern provinces.

Besides, thanks to the successful partnership, the program has been expanded nationwide with the participation of other medical universities such as the University of Medicine and Pharmacy in Ho Chi Minh City, the University of Medicine and Pharmacy in Ha Noi, the Hue University of Medicine and Pharmacy. This is not only demonstrates the prestige and position of PNTU but also affirms

the development strategy, constantly consolidating and expanding relations and extensive cooperation for the sustainable development of PNTU with international partners which make a positive contribution to the process of integration with world higher education.
